

September 30, 2011

Dear Parents / Guardians;

The Holy Redeemer High School Parent Council is once again raising money for our breakfast program as our funds are being depleted. This project began in December 2009 and is continuing to operate. Our goal is to have breakfast offered once a week. Presently breakfast is offered to our 344 students once a month.

As a parent council, we feel that a good breakfast is important for our students. Studies have shown that breakfast is beneficial to get your body and brain fueled for the day and we want to give our students every advantage we can. We also understand there are many varied reasons why breakfast is not eaten before students arrive at school. Parent council would like to provide breakfast for each and every student who wishes to have one. Students have greatly appreciated the hot meals that have been served.

We feel that this is a very worthwhile, but costly endeavor. Support from parents and businesses would be greatly appreciated. We would be grateful for any donation, whether big or small. Cheques can be made payable to HRH Parent Council.

Thank you for your generous support.

Sincerely,

Corry Detillieux  
Chair, HRH Parent Council
